### REMARKS

In response to the Official Action of March 23, 2005, Applicant hereby elects Invention II, which Applicant submits corresponds to Claims 17-25 and 30-31 drawn to devices. Applicant has canceled Claims 1-16 and 26-29, corresponding to Invention I. This cancellation is being done without prejudice to the filing of a divisional application for this and/or other claims.

Applicant notes that the Office Action includes Claims 30 and 31 in non-elected Invention I, directed to methods of making a device. Office Action, p. 2. However, Claims 30 and 31 are directed to devices, not methods and, therefore, Applicant assumes these claims should have been included in elected Invention II directed to devices. Accordingly, Claims 30 and 31 have not been canceled above and Applicant requests acknowledgement from the Examiner that Claims 30 and 31 are properly considered for examination along with Invention II Claims 17-25.

In view of the above, Applicant respectfully request favorable examination and allowance of Claims 17-25 and 30-31.

Respectfully submitted,
